PremiDoor 76.
Lift/sliding door system.

Experience a new feeling of freedom.

Fulfil your dream of bright living spaces flooded with light: With the innovative lift/sliding door system PremiDoor 76. Be it green garden or urban skyline – with PremiDoor 76 you can bring the outside world into your living environment thanks to the extensive

glazed areas. This modern, barrier-free system is further enhanced by its excellent handling ease and thermal insulation. Whether new build or renovation: The PremiDoor 76 lift/sliding door system offers you the perfect solution. Get the new freedom for your home.

- Barrier-free thresholds realised in conformance with standards.
- Large installed heights and glazed areas.
- Greater passage of light and solar energy gains.
- Ease of handling when opening and closing.
- Sustainable, recyclable system solution of environmentally friendly, lead-free PVC-U profiles.

» PremiDoor 76 and PremiDoor 76 lux.

You want maximum performance for thermal and sound insulation and maximum protection against forced entry? Then PremiDoor 76 is the right choice for you. You get either the classic version of the lift/sliding door system or the PremiDoor 76 lux architectural variant for even more passage of light. Here the sash profile can be reduced by the intelligent construction, which in turn allows an extremely slim profile and even larger glazed areas and higher solar energy gains.

Two variants for your demands.

PremiDoor 76

- | | | |
|---|---|---|
| ✓ | Maximum installation height of 2.60 m | ✓ |
| ✓ | Glazing options up to 50 mm | ✓ |
